# Overview

This Plan Status Overview provides a comprehensive review of company health care utilization and expenses during a specific period. The following pages may include charts, graphs and detailed narrative which provide an analysis of health plan activity, trends and costs based on the most current eligibility information, medical claims and prescription drug claims. Costs and utilization information for the reporting period are compared to industry benchmark data where possible.

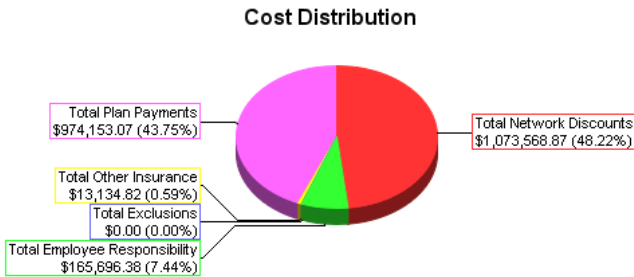

This report is compiled by utilizing Benefit Analyzer<sup>®</sup>, an online data analysis and reporting resource that analyzes each claim allowing employers and benefit administrators to monitor health plan activity and take proactive measures. This tool analyzes all adjudicated claims during the period to create the most comprehensive utilization information. The following pages may contain analysis and report output utilizing a variety of functions, including the following:

- Claim Analysis Overview
- Key Utilization Summary
- Top 10 Diagnosis Analysis
- Monthly Cost Summary
- Plan Cost Summary
- Top 10 Payee Analysis
- Utilization Benchmark Summary
- Prescription Drug Summary
- Top 10 Procedure Code Analysis
- Dental Summary
- Key Utilization Summary
- Plan Cost Trend Analysis

This summary chart below captures health plan eligibility, payment and total charge information, including network savings for a specific period.

The cost distribution graph below provides general information about total costs and payment sources, including plan and employee/participant responsibility.
